CARTA DE UN JUNIOR A SANTA ● EL FIGÓN

EL PAÍS DE NUNCA JABAZ/LA TESIS DEL MULTIVERSO DE LAS TESIS

A cartoon illustration featuring two women standing in front of a complex molecular structure background. The woman on the left is wearing a grey jacket and has a slightly distressed or skeptical expression. The woman on the right is wearing a yellow jacket and has a more confident, smiling expression. The background consists of a network of grey and blue nodes connected by lines, resembling a molecular or data network. The entire scene is framed by a thin grey border.
